WASHINGTON NEWS.

Federal Election Laws Repealed

BY A STRICT PARTY VOTE.

An Important Land Tax Suit Advanced

SOME PRESIDENTIAL NOMINATIONS.

The Bombardment of Rio Janeiro Ended.

In Congress.

WASHINGTON, Oct. 10.—Squire, of Washington, this morning introduced in the senate his amendment to the silver bill, which has already been outlined in these dispatches. The amendment embraces about everything demanded on both sides.

The resolution offered yesterday by Dolph calling for information as to whether China requested an extension of the time in which Chinese laborers are required by act, May '92 to register was laid before the senate. Dolph started to speak in favor of its adoption when the senate went into executive session.

When the doors re-opened, Hill of New York presented a petition by 15,000 merchants of New York, asking for the unconditional repeal of the Sherman law. The repeal bill was then taken up, and McPherson, of New Jersey, spoke in its favor.

The Tucker bill, repealing the federal election law, passed the house by a vote of 200 to 101. The bill passed by a strict party vote.

WASHINGTON, Oct. 10.—Ex-Attorney General Garland asked the supreme court to advance the case of the Northern Pacific against the Patterson county treasurer in Montana. It is a case of importance to all the western states and territories, as it will ultimately settle the question of taxation of all unpatented surveyed lands within the grant of the Northern Pacific, Southern Pacific, Union Pacific, Central Pacific, California and Oregon and other railroads. There are millions of acres of these lands hitherto regarded as taxable.

WASHINGTON, D. C., Oct. 10.—Nominations: R. L. Lincoln, of La Grande, Oregon, and Colonel Anson Mills, of the United States army, commissioners in the international boundary commission, provided for in convention at St. Louis, Mexico, March 1, '89.

Bombardment Stops.
WASHINGTON, D. C., Oct. 10.—A dispatch received at the state department from Rio Janeiro says Admiral Mello has decided to discontinue the bombardment of Rio.

The U. P. Receivewhip.
DENVER, Col., Oct. 10.—The Union Pacific attorneys have filed a reply in the United States court to the application of John Evans for the appointment of a receiver. The reply in a detailed way denies every charge of violation of agreement whereby the Fort Worth passed into possession of the Union Pacific.

Bank Examiner Arrested.
DENVER, Oct. 10.—National Bank Examiner J. B. Lazear, while settling the affairs of the insolvent bank Del Norte, has been arrested for receiving stolen goods.

A Boat Surrenders.
RIO JANEIRO, Oct. 10.—One of the forts in the bay surrendered to the insurgent fleet today.

To Raise Pensions.
WASHINGTON, Oct. 10.—Caminetti introduced in the house a bill increasing the pensions of veterans of the Mexican war from eight to twelve dollars per month.

RAILROAD TIES.

Few Russian trains make as much as 22 miles an hour.

An office has been established in Kansas City by the Wagner Palace Car company.

Passenger statistics show a decided revival in mileage book business. This indicates that commercial agents are again being sent out freely.

The office of the traffic manager of the Louisville, St. Louis and Texas railroad has been abolished with the resignation of L. S. Parsons, who held the position.

About 3,000 employees were killed in railway accidents in the United States last year and 26,000 injured. As for the passengers, 299 were killed and 2,972 injured.

For the sake of comparison it may be stated that the Pullman Palace Car company owns 2,366 cars, valued at \$38,000,000, and the Wagner company 700 cars, valued at \$10,500,000.

AT THE WORLD'S FAIR.

Three Quarters of a Million People Attend

IN HONOR OF CHICAGO DAY.

Many People Crushed and Killed In the Crowds.

CHICAGO, Oct. 10.—Never in the history of Chicago was there such a demand for transportation facilities as today. The crowd was handled well, but no human means, no system of transportation, however fast, was capable of handling such a vast crowd without difficulty. Accidents were few and only a small proportion of them fatal. A majority of those hurt were from outside points, and their troubles arose from their not being as cautious as the native Chicagoan in navigating streets and getting on cars. Those killed and injured were:

Killed—Charles A. Clark, of Buffalo, N. Y., struck by a cable car; James Malcolm, of San Francisco, died from a stroke of apoplexy at the fair; Thomas Robertson, of Fremont, Minn., struck by a cable car and fatally hurt, dying in a short time; John Dryden, employee of James Pain & Sons, fatally injured by the premature explosion of a bomb. He died soon after reaching the hospital.

Injured on cable trains, in rush at Illinois Central and elevated stations, etc.: Mrs. Louisa Rhode, of Gilman, Ill.; Andrew Wells, of Laupaca, Wis.; Wm. J. Burr, Hopkins, Ky.; O. F. Reynolds, of Mattoon, Ill.; Miss Nettie Rogers, of Columbus, O.; Mrs. Matilda Stewart, of Fond du Lac, Wis.; Charles Long, of Cincinnati; Toby Lansen, Chicago, and Policeman Patrick Clifford.

None of those injured are thought to be fatally hurt, but they, as well as many others, whose names were not learned, will have painful reminders of the day for some time to come. Mrs. John Tucker, of Redbud, Ill., had scarcely passed through the gates when she called for aid. She was assisted by women until an ambulance took her to the hospital, where she gave birth to a son.

CRUSHED IN THE CROWDS.

The greatest crush occurred at the Congress-street depot of the elevated road. The crowd there was simply terrific, and, despite the utmost efforts of the police to keep them back, the jam was such that women began to faint and then a panic followed, resulting in serious injury to many people. There were a number of distressing accidents on the fair grounds proper tonight owing to the awful crush. The hospital record at 6 o'clock showed less than 40 slight casualties. Two hours later the number had increased to 125. Of these most were women, who had fainted and fallen in a heap in the rushing and surging mass that seemed to have lost all power of reason. The worst crush of all was in the early evening at the east side of the transportation building, where the people became wedged in a great mass and a panic commenced. Men shouted themselves hoarse to still the restless throng. Women screamed frantically and dozens fainted. Ambulances were summoned, and these in trying to wedge their way through to the sufferers caused other stampedes. To make matters worse at this point, the parade, with inexcusable carelessness, wound around the mining building and forced its way once more through the dense mass of the people. The avenue was finally cleared by throwing open the doors of the transportation building. There was another terrific jam at the thirty-third street exit, where the people in their impatience broke down the fence. At 11:30 p. m. thousands of people were waiting for trains, and it looked as if it would be early morning before all of them could get down town.

THE ATTENDANCE.
At 11:30 the bureau of admissions announced that the total attendance for the day was 751,925, of which 718,537 were paid admissions.

THE EXERCISES OF THE DAY.
The day opened with ringing of the Liberty bell by Simon Pokagon, a Potawatomi chief, who sold the site on which Chicago is situated, and John Young, son of the Indian who named Chicago. Following this in rapid succession came the parade of Chicago humans, a fanfare of universal peace by heralds stationed on the tops of buildings around the court of honor, overture of all nations by united bands; chorus, "Starspangled Banner" by 3000 voices followed by other patriotic airs

Break with Gladstone.

DUBLIN, Oct. 10.—It is evident from a speech of John Redmond, leader of the Darnellite party, at a meeting here last night, and the resolutions of the meeting that the Darnellites have definitely broken with Gladstone, claiming that he abandoned the Irish interests, and they will hereafter fight all English measures in the house of commons.

RELIGIOUS.—Revival services still continue with good interest at the Christian church and will continue each evening of this week. Song services 7:30, preaching at 8 p. m. Subject for this evening "The Many Sidedness of the Gospel." The ministerial association of the Christian church convened at 3 p. m. will continue in session during each day until Friday.

CROPS DESTROYED.—Reports are received of very bad weather in Eastern Oregon and great damage to crops. Much wheat is yet uncut in Umatilla county and that in the stack is worse damaged than that in the field. It has been raining steady, and there is already considerable snow in the mountains.

IN PRISON.—Following are the latest commitments to the Oregon State Prison: Ah Lung, Clatsop county, burglary, two years; C. A. Graft, Multnomah county, larceny, one year; Henry Jackson, Multnomah county, one year; Thomas Gilbert, Sherman county, larceny, two years.

DISCHARGED.—The grand jury refused to find a bill against the fourteen men charged with rioting in the hop yards in the north end of the county. This was about what everyone expected would be the result.

BEATS THEM ALL.—Th year break the record of record breaking. Salem's popular grocer, J. A. Van Eton, broke the record long ago for pleasing his patrons on the best goods, lowest prices and quickest delivery.

PARDON.—The governor has issued a pardon to Gottlieb Smith, committed to the state's prison from Union county for burglary one year, upon petition of the district attorney.

INSANE.—Mary F. McCoy, a sister of Hon. E. O. McCoy, was brought to the asylum today from her home in Milton Or. She has been insane for fifteen years.

Blood Will Tell.

Of course it will—that is if it is good healthy blood. It will glow in the cheek, and tell the story of perfect physical health. If it does not, if the complexion is devoid of color, the muscles weak and flaccid, something is wrong, and something ought to be done about it at once, for in such cases delays are dangerous. For torpid liver, "biliousness" and the thousand and one ills to which these conditions of the system lead, the is no remedy in the world equal to Dr. Pierce's Golden Medical Discovery. Boils, pimples, eruptions, scrofulous sores, salt-rheum, and all kindred diseases are cured by it.

DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Wholesale Murder.

SAN FRANCISCO, Oct. 10.—A shocking scandal has been caused by the coroner's investigation of the San Francisco foundling asylum where thirty-three babies died within the past six weeks. The place was closed Thursday last and twenty-four foundlings given into the custody of the Catholic infant shelter. The coroner ascertains that three waifs died from the lack of nutrition, sanitation and scourge pemphigus. The Daughters of the Good Shepherd is a public asylum and slaughter house for babies. The sanitary condition of the asylum is very bad. The official undertaker of the institution testified that when infants died the attendants put the bodies in a box under the front door steps and kept them there like so much garbage until he came to take them away.

A Woman Dynamiter.

SAN FRANCISCO, Oct. 10.—Two more arrests have been made in connection with the dynamite explosion that wrecked John Curtin's saloon's boarding house and killed four men. One of the prisoners is a woman.

A City Election.

INDIANAPOLIS, Ind. Oct. 10.—The city election is in progress here today. A heavy vote is expected.

Another Mafia.

NEW YORK, Oct. 10.—The body of Leonardo Daerto was found lying in Mulberry street early this morning. It is believed to be another Mafia murder. Four Italians are arrested on suspicion.

More Deportations.

LOS ANGELES, Oct. 10.—In the United States court seven Mongolians from Calhoun valley and Riverside were up for deportation and Judge Ross disposed of them at the rate of one every three minutes.

No Extra Session.

TACOMA, Oct. 10.—Governor McGraw today authoritatively denied that he had any intention of calling an extra session of the legislature to elect a successor to ex-Senator John B. Allen, as has been reported.

Great Explosion.

NORTH LAWRENCE, O., Oct. 10.—At 8 o'clock last night an east bound freight train on the Pittsburg, Fort Wayne & Chicago railroad, while running at a high rate of speed, one mile west of here, were blown into fragments by the explosion in a car containing 432 kegs of gun powder. A hole 300 feet deep was made in the ground. Thirty cars were wrecked, five of the train crew were badly injured by being burned.

ABSOLUTELY PURE

AN UNUSUAL RISE.

The Willamette Booms—Providence Lowers Freight Rates—A New Boat Line.

Everything in Oregon is this year a record breaker. Even the Willamette river has caught the fever, and yesterday at four o'clock it stood higher than at any other time in its history at this season of the year. The water stood over 14 feet above low water, but today at noon it had fallen to 13.10, and it is still slowly falling.

This unusual rise is worth more to the Willamette valley and Salem than the Oregon railroad commission, and will be a great help to shippers of all kinds of freight and produce. The merchants will be benefited and also the consumers. Boats will run full blast from now on, and this unusual water will give them fully two months more navigation than in ordinary seasons. This will be worth thousands of dollars to the valley.

A letter from General Manager A. B. Graham, of the Oregon City Transportation company, says their fast time passenger and freight steamer Altona will make her first trip up tomorrow. She will run between here and Portland on schedule time, and make tri-weekly round trips. This is a new departure, and will no doubt meet with good success, as the boat will only stop at Portland, Oregon City and Salem. The company also run a way steamer, the Latona, which will handle all heavy freight. The Altona will leave Salem Tuesdays, Thursdays, and Saturdays at 7:30 a. m.

WILLAMETTE PRESBYTERY.

Presbytery of Willamette convened yesterday in the First Presbyterian church of this city at 2:30 p. m.

Rev. Joseph Hanna was elected moderator.

The terms of office of the stated and permanent clerks having expired, Revs. E. N. Condit and G. W. Gillespie were duly re-elected to fill said offices for the ensuing term.

Rev. E. J. Thompson, D. D., retiring moderator, preached an excellent sermon to an appreciative audience.

This morning after the half hour devotional exercises, presbytery went into business session with about 28 members. The report on foreign missions, brought out a discussion on the "Parliament of Religions" in connection with the Columbian exposition.

The report of the committee on Sabbath observance was received with so much favor—that it was ordered printed in the church paper of the coast.

The Ladies Presbyterian society met in the lecture room of the church.

A full attendance encouraged the local society. Mrs. A. O. Condit of this city is president of the society. The program for this evening is printed here with a special invitation extended to the public:
